Presents

## “Art Waves”

Each session is a blend of music and visual art experiences that actively involve children of ***all abilities*** (children with special needs as well as children developing typically) ages 1yr and older.

Using visual arts, movement, and music, activities incorporate concepts such as: spatial and body awareness, fine and gross motor skills, language, sensory, social skills, community and acceptance, and the appreciation of the arts, etc. Each hour will be comprised of a FUN blend of process-oriented music and visual art experiences. Your child ***will*** come away singing with some beautiful artwork keepsakes! Supplies provided.

“Art Waves” is our second 4-week summer session. During Art in this session, we will work on several take home projects in a variety of media such as “The Cactus” sculpture, “Too Cool Snoopy”, a watercolor painting, and a “Stand Out Birds” Artwork, just to name a few. And during music for the younger children, we will sometimes integrate music with our art making and also experience different musical styles through fine and gross motor movement, finger plays, rhythm instrument play, parachute play, and other musical activities.
