The Benefits of Music/Art

Did you know?

“Art, understood as spontaneous creative play, is what children naturally do – singing, dancing, drawing, and role playing. We also know that

When caregivers engage and encourage all the senses and involve a variety of activities on a regular basis, they are laying the foundation for successful learning and visual. – “Arts Education Partnership”

It's the Process, Not the Product

“Process not Product” means you can explore music/art and simply enjoy what happens. You don't have to mimic what an adult does or try to make something your friend has made. There is no right or wrong way to sing, dance, play an instrument, paint or draw; there is only YOUR way. YOU are the Musician. YOU are the Artist.
